Here are some helpful tips for your stay...

Coffee/ Tea

1. Everything you need to make pressed coffee or tea, is in your tent. There's a propane grill by the fire pit for tent #1 and a propane coleman grill on the deck of tent #2.
2. Every Morning...We serve muffins (with our homemade Jersey butter) and pressed coffee with our fresh pastured raw cream, on a tray. It will be left in the store for you to pick up at the time you choose and can be taken to your tent to enjoy. When you're finished, just leave the tray in the store and we'll pick it up!(Let us know if you take cream-from our Jersey cows, honey, or raw sugar)

Cooking:

1. The grill next to the fire pit is propane and is all set up for your use, if you need it for tent #1 (10'x 10' -7U Lamb theme with 2 twin beds).
2. There is a propane coleman grill on the deck for tent#2 (14'x16" -7U Calf Theme with queen bed) set up and ready to use.

Fires:

Inside your tent, you will find matches and newspaper to start a fire in the fire pit. (Wood is next to the fire pit) Please note: **During fire season, we'll let you know if fires can't be legally allowed. Otherwise, Enjoy!**

Out houses:

There are 2 outhouses for your convenience...

1. One up next to the store above your tent
2. A second down across the creek by the pond (there is a picnic table near the pond as well)

Open Air Shower:

The open air (outdoor shower) is to the right of the store. (Wagon Wheel Fence Surrounds It)

1. There is natural lavender shampoo and conditioner inside
2. It is a propane shower, so it has hot water
3. Clean towels and washcloths are available in your tent.

We look forward to welcoming you to our ranch! - Seth and Raini
